this volume explores the evolving role of school boards highlighting their shift from forgotten players to central figures in educational governance amid political partisanship it covers local control governance and the superintendency offering insight into recent research and the challenges faced by school boards and superintendents

monthly magazine devoted to topics of general scientific interest

for most of political science s history discussions about professional ethics had nothing to do with human subjects professional ethics involved integrity in the classroom fair tenure and promotion rule and the careful avoidance of plagiarism as most research was observational there was little need for attention to how scholarly activities might directly affect the subjects of our work times have changed the dramatic growth in the use of experiments in social science especially overseas is generating unexpected ethical controversies the purpose of this volume is to identify debate and propose practical solutions to the most critical of these new ethical issues a leading team of internationally distinguished political science scholars presents the first examination of the practical and ethical challenges of research with human subjects in social science and policy studies part 1 examines contextual challenges provided by experiments conducted overseas questions of

culture religion security and poverty part 2 examines questions of legal constraints on research focusing on questions of foreign review of international experiments part 3 tackles the critical issues in field experiments including deception and consent impact on elections and careers the boundaries of the public officials exemption and the use of partner organizations to avoid institutional review body irb review part 4 considers strategies for the future including training and education irb reform institutional changes and norm development

this book echoes and enhances the generative dialogic knowledge building process that took place at the amle 2021 conference reflecting the way in which middle level researchers work collaboratively and draw ideas and inspiration for their studies from prior research and accounts of practice as well as their own experiences in the field each of the five sections features a recent study presented at the roundtable session at the 2021 amle conference accompanied by two companion pieces offering different perspectives on the work in the latter the authors enrich and extend the original research by incorporating feedback from the conference session discussions revisiting their findings and conclusions considering alternative approaches to further research and proposing new or clarified implications for practice addressing themes across theoretical frameworks and diversity of research design and with topics ranging from music education to teacher agency and the productive struggle the volume crucially presents and discusses recent innovations in the field with a view to prompting future research questions and deeper inquiry as such it will benefit researchers doctoral students and academics in the fields of middle level education educational research and specifically research methods in education those interested in teaching and learning and adolescent development more broadly will also benefit from this volume
