focusing on methodologies applications and challenges of textual data analysis and related fields this book gathers selected and peer reviewed contributions presented at the 14th international conference on statistical analysis of textual data jadt 2018 held in rome italy on june 12 15 2018 statistical analysis of textual data is a multidisciplinary field of research that has been mainly fostered by statistics linguistics mathematics and computer science the respective sections of the book focus on techniques methods and models for text analytics dictionaries and specific languages multilingual text analysis and the applications of text analytics the interdisciplinary contributions cover topics including text mining text analytics network text analysis information extraction sentiment analysis web mining social media analysis corpus and quantitative linguistics statistical and computational methods and textual data in sociology psychology politics law and marketing

statistical surveys represent an important source of scientific knowledge and a valid decision support tool in many fields from social studies to economics market research health studies and others scientists have tackled most of the methodological issues concerning surveys and the scientific literature offers excellent proposals for planning and conducting surveys nevertheless surveys often require the achievement of aims that either deviate from the methodology or do not have a specific solution at all this book focuses on survey theory and applications providing insight and innovative solutions to face problems in data collection and integration complex sample design

opinion questionnaire design and statistical estimation formal rigour and simple language together with real life examples will make the book suitable to both practitioners involved in applied research and to academics interested in scientific developments in the survey field

adhd attention deficit hyperactivity disorder and anxiety disorders are two of the most common psychiatric conditions often co existing in the same individuals the relationship between these disorders is complex and multifactorial in nature the biopsychosocial model postulates that biological psychological and social factors all play a significant role in human functioning in the context of disease or illness which includes these disorders evidence suggests that adhd can predispose individuals to anxiety and vice versa however the causality sequences as explored in the literature remains limited it is possible that adhd symptomology causes anxiety or the genetics behind adhd causes anxiety symptoms current research has adopted a more complex nuanced understanding of both disorders acknowledging the unique interactions of biological psychological and social factors and large datasets e g dunedin datasets may help with developing a stronger causality sequence it s also noteworthy that severe anxiety can look like adhd but the treatment is totally different as adhd meds stimulants can make anxiety worse

this book dedicated to konjev desender and jean pierre maelfait is made up of a collection of 30 papers presented at the xiv european carabidologists meeting in westerbork the netherlands september 2009 seventy five specialists from 20 countries of europe and asia attended the meeting traditionally the proceedings volumes of the european carabidologists meeting have become important milestones outlining the latest trends and achievements in carabidology the aim of the organisers was to invite specialists from different countries and scientific schools to present both traditional and innovative approaches and methods in studying ground beetles this volume includes a wide range of topics from the description of new species taxonomy a summary of the activities of carabidologists during the last 40 years biogeographical issues methodology behaviour indicators environmental issues and conservation the book will be of use to carabidologists specialists in traditional and molecular systematics general and applied ecology conservation biology bioindication urban ecology and biogeography
